

E-Waste Price List

Earthlight partners with E-Cycle Limited, a New Zealand owned and operated company, specialising in responsible, environmentally friendly recycling of end of life electronic products. E-Cycle Limited has depots in Auckland, Wellington and Christchurch.

Earthlight charges to recycle most items, recovering costs involved with freight, receiving, recording, handling and storage for some materials and components to be recycled. Earthlight also refurbishes some working equipment and provides it for re-sale or donates it to community groups, schools or charities
